

South Arkansas Veterinary Hospital

“Being a veterinarian has been one of my life goals since childhood. Having grown up in Arkadelphia, I began working at the clinic at age 14. Having the opportunity to practice veterinary medicine at South Arkansas Veterinary Hospital allows me to help the great people of Arkadelphia and the surrounding communities with the health and well-being of their animals.” –Dr. Rob Rucker, Associate Veterinarian

“I love working at South Arkansas Veterinary hospital. My passion is working with animals and people. Here I get to do both, it’s a win-win. There is no better feeling then when an animal is brought in sick and leaves healthy. It just makes my day.”– Andrew Marshall, Practice Manager
