Position Available (Title, Dates, and Job Description):	<p>Dearborn Animal Hospital, Decatur GA – We are looking for a full time associate veterinarian. We are a busy 6 doctor, small animal practice with emphasis on doctor/ client relationships. Dearborn was started in 1948 in Decatur: we moved into a new, larger, state of the art hospital in November 2013, and we became AAHA accredited in April of 2014. We are looking for a doctor that enjoys a fast paced environment, hands on medicine, and the ability to build great relationships with our clients. We have a very diverse clientele, so having the ability to assess the situation and develop treatment plans based on the client is very important. We have scheduled appointments and surgeries but also leave room for work- in appointments throughout the day. All of our doctors share in surgical and dental procedures as well as care for hospitalized pets. We see a wide variety of medical and surgical cases and work with numerous rescue groups. Our new associate will see routine wellness exams as well as many interesting cases including surgical. Doctors are scheduled for a 4 day work week and a rotating schedule for Saturdays. We have a good mentorship program and our associates develop great surgical and medical skills. Our hospital is equipped with digital dental and full body x-ray, Surgivet and Doppler monitors, Heska IV pumps, Tono-pen and in house lab equipment (CBC and Blood chemistry) as well as other diagnostic equipment. We have quietly opened our physical therapy and rehabilitation department with a new underwater treadmill already in place. Please submit your resumes via e-mail to scottz.dearborn@gmail.com or fax them to 404-377-1700. Basic information about the practice can be found on our website www.dearbornanimalhospital.com</p>
