Clinic/Practice Name	Allegheny Veterinary Service/Allegheny Equine Service
Street Address	1605 Parsons Road (Old US 219)
City	Elkins
State / Province / Region	WV
Postal / Zip Code	26241
Country	United States
Position Available (Title, Dates, and Job Description):	<p>Allegheny Equine Veterinary Service / Allegheny Veterinary Service is looking for a motivated associate interested in helping to grow our practice! If you are a large animal practitioner and want less time on the road, this is a great opportunity! Position is 50/50 small animal and large animal. Ideally, looking for someone willing to work 2-3 days ambulatory and 2-3 days in-clinic seeing both large and small animals.</p> <p>Interested applicants should be able to communicate effectively with clients, staff and colleagues. Great bedside manner is a must! Experience in equine/large animal practice is preferred but not necessary. Knowledge and familiarity with equine disciplines, cow/calf and goat operations is beneficial. Interest in specialization will be supported. Interest in growing the practice long term, through expanding ruminant herd services, equine reproductive services or certification in acupuncture and chiropractic is a bonus. Willingness to learn and work small animal will benefit compensation. Part time will also be considered. DVM or equivalent, West Virginia Licensure and USDA Accreditation are required.</p> <p>Practice Description</p> <p>The practice started in 2005 as an ambulatory only service and in 2015 opened a 5000 square foot hospital complete with recovery stall, stocks, ICU stalls, heated treatment area and paddocks. An additional barn under is construction. We are very vested in the community and active with local horse associations and 4-H. The practice sees primarily pleasure and trail horses with some western performance, endurance, and small breeding operations. Large animal patient load is primarily equine with occasional beef cattle and small ruminants. Practice is equipped with digital x-ray, digital ultrasound, electronic medical records, Abaxis lab, tonometry, and advanced dentistry equipment. The practice is located just off of a new interstate with easy access for trailers.</p> <p>We pride ourselves on combining high quality medicine with concierge-level service. Annual exams are a standard and help us build long lasting relationships with our clients. The practice currently draws from a two-hour radius and the nearest referral center is four hours.</p> <p>Since expanding with a new location, the practice has also developed a busy small animal practice that includes services from preventative care and elective surgery to orthopedic surgery. Appointments for both the large and small animal patients are Monday – Friday. Emergency service is offered to our regular clients. Doctors</p>

receive large production bonuses for emergencies that are seen. Emergency call is split among the doctors.

Support staff includes, a large animal coordinator and practice manager (with the practice 11 years), two receptionists, and a large animal technician. Small animal technicians are available to assist with in-clinic cases. Large animal technician will be provided during orientation period and as needed depending on case load. We are a growing practice and have established excellent training programs and hospital protocols for both the large animal and small animal staff. All staff members have required continuing education. Area Elkins is located adjacent to the million acre Monongahela National Forest. Canaan Valley, Timberline and Snowshoe mountain ski resorts are within our regular practice area. The area is rural and an outdoor mecca with abundant native streams, hiking and skiing. A small liberal arts college is located here and hosts a heritage arts festival for ten weeks every summer. Cost of living is low in this area.

Compensation & Benefits

Benefits include paid vacation, paid holidays, retirement program, continuing education expense, professional liability insurance, state license, professional memberships (AVMA, AAEP, WVVMA, VIN), uniform expense, and cell phone. Pay is commensurate on experience and competitive with industry standards. Pay will depend on part time or full time, large animal or mixed. Straight salary with emergency bonuses. Willing to pay by production based pay or pro-sal if preferred.
