Clinic/Practice Name	Frankford Veterinary Hospital
Street Address	21287 Seneca Trail North
City	Frankford
State / Province / Region	West Virginia
Postal / Zip Code	24938
Country	United States
Position Available (Title, Dates, and Job Description):	<p>We are in search of an associate veterinarian to join our 2 doctor mixed animal practice in the Greenbrier Valley of southern West Virginia. Our practice is a true mixed animal practice. Our patients include dogs, cats, cattle (beef and dairy), small ruminants, horses, camelids with an occasional pocket pet, chicken and pig. The hospital has Heska in house laboratory equipment, digital radiographs and ultrasound. We do ambulatory large animal services but also have a haul-facility. We have recently opened a satellite clinic in the neighboring county with office hours 2 days per week.. The Greenbrier Valley of West Virginia is located in the mountains of southern West Virginia. Outdoor activities are numerous and include biking, hiking, swimming, kayaking, white water rafting, and snow skiing at nearby Snowshoe resort. The Greenbrier River Trail runs through the county for several miles and is an attraction for biking enthusiasts. Greenbrier County is home to the Greenbrier Hotel and Resort, home to the PGA tour event The Greenbrier Classic and also hosts the New Orleans Saints training camp. Lewisburg is the county seat and offers several restaurants, Carnegie Hall for cultural events, the Greenbrier Valley Theater and WV School of Osteopathic Medicine. DVM or equivalent degree, must meet criteria for licensure in West Virginia, and be able to meet the physical demands of mixed animal practice.</p>
