Position Available (Title, Dates, and Job Description):	<p>Dr. Spiva G. Richardson retired 12/31/16. He was a large & small animal veterinarian. His clinic is for sale. I am trying to find a veterinarian. I am interesting in partnering with a veterinarian who wants own their practice. I can help financially and with the running of the business. I am not veterinarian but have operated a small business for the past 40 years. I see a need for another veterinarian in Louisville, MS. Louisville has one small animal veterinarian, but there is a need for a large and small animal veterinarian for the area.</p>
