

Contact Name:	Lori Bierbrier
E-mail:	lori.bierbrier@aspc.org
Clinic/Practice Name	ASPCA
Street Address	424 E. 92 St
City	New York
State / Province / Region	NY
Postal / Zip Code	10128
Country	United States
Position Available (Title, Dates, and Job Description):	<p>The Community Medicine program at the ASPCA is going strong. Our department includes both our many years of spay/neuter work as well as our more recently developed basic and preventive health care program (Primary Pet Care). As we continue to grow and develop our programming, we are actively recruiting veterinarians to join our team. We have several full time veterinarians positions currently open which are described in the following link: https://aspc.wd1.myworkdayjobs.com/en-US/ASPCAWebsite/job/NYC-Mobile-Locations/Veterinarian--Community-Medicine_2016-245</p> <p>All of the positions are full time, Tuesday-Saturday. Work is in all 5 boroughs of New York City. Although previous work experience is preferred, this position could also be a good fit for the right new graduate who has already gained some exposure to HQHVSN and CM and has the right team player approach to work and learning. We are actively hiring now, but given that there are several positions open, it is reasonable to think that there may still be open positions when 4th year students are graduating.</p> <p>I encourage you to share this information with any of your “shining stars” who have shown an interest in Community Medicine and who may be interested in working with the ASPCA. In addition to applying through the online link, students are also welcome to contact either myself or Dr. Lund (cc’ed on this message). Dr. Lund is the Veterinary Staff Manager for our department and he will be overseeing the hiring process. Please do let me know if you have any questions.</p> <p>Thank you, Lori</p> <p>Lori Bierbrier DVM Medical Director- New York City Community Medicine</p> <p>ASPCA® 424 East 92nd Street New York, NY 10128</p> <p>Email address: lori.bierbrier@aspc.org P: 917-566-8365 info: 877.SPAY.NYC www.aspc.org</p>
