Position Available (Title, Dates, and Job Description):	<p>Oxford, MS- Compassionate and Progressive Small Animal Practice looking for Exceptional Associate who is committed to the highest quality of medicine. Exceptional clientele, well trained staff, 30 min office visits. We do not perform declaws, ear cropping, tail docking, or convenience euthanasias. All spay, neuter, dental, and surgery patients receive iv cath w fluids on fluid pump, anesthesia monitoring (ecg, nibp, pulse ox, esophageal stethoscope on amplifier), and comprehensive pain medicine. Medicine consistently practiced as taught in vet school. Wonderful mentoring opportunity for a new grad. Equipment: Blood gas, radio surgery, tonopen, fluid pumps and warmers, parvo cages w plumbing. Visit us at <a href="http://PawsOxford.com">PawsOxford.com</a> and <a href="http://www.facebook.com/pawsoxford">www.facebook.com/pawsoxford</a>.</p> <p>Oxford, Mississippi is home of Ole' Miss (The University of Mississippi) which is located in northern Mississippi, not far from Memphis, TN. Paws Animal Hospital is located on 6 acres and surrounded by acres of rolling hills, wildlife, and low density residential homes, yet only 1.5 miles from the most rapidly growing part of town (Walmart, Home Depot, Belk). Because we are not located on a busy road, and our clients have to seek us out, we are not exposed to the clientele who burn vets out. Our clients love their pets as much as we love their pets! Exceptional clientele makes Paws an extraordinary place to practice. There are 3 buildings that total approximately 8,000 square feet: the hospital, pet resort and spa, and cottage. We also have a acre dog park for our patients to enjoy. We offer an excellent balance of quality of life, while still providing exceptional medicine to our growing client base. We are looking for a long term associate who has strong leadership skills and shares our vision/mission/values. Oxford, MS offers a family friendly community, rich with charm and culture, and festive with frequent sporting events. Oxford offers a true sense of place and community.</p> <p>Our Vision: Paws Animal Hospital will educate and advocate on behalf of our community's animals. Through education and example, we will inspire our community to care for its animals in such a way that no animal dies of a preventable or treatable disease/disorder, no animal is abused, neglected, or disposed of, and all animals' emotional and medical needs are met.</p> <p>Our Mission is: To provide the highest quality veterinary care to each of our patients and to do so with integrity and compassion; by always seeing ourselves through the eyes of our patients. To continually expand our knowledge and improve our skills in order to provide the most up-to-date healthcare to our patients. To maintain a respectful and professional patient focused environment. To employ a veterinary</p>

team composed of kind hearted and highly trained individuals who have an avid love for animals, passion for veterinary medicine, and an unwavering commitment to excellence. To educate, support, and care for our clients. To communicate with our clients as partners in their animal's well-being, thereby enabling our clients to make the best medical decisions for their pets. To fulfill our clients' needs/wants by making sure we do everything in our power to ensure they are happy and satisfied with the service they receive. To provide the most comprehensive medical care at a value for the services provided. To know each patient and embrace that every patient has his/her own unique emotional and medical needs. To respect the individual spirit of each patient and fully acknowledge that all of our patients are innocent, voiceless, and dependent on us. To provide consistent, gentle, and thorough veterinary care to each of our patients while minimizing stress and maintaining a comfortable healing environment where every patient feels safe, nurtured, and loved by their Paws family. Our Values: First, do no harm: Our ethical principles allow for no harm and provide for the wellbeing of each patient. We demand the highest level of professionalism and competency. We embody honesty, respect and empathy in all aspects of our business. We require cleanliness, organization, and structure to accomplish consistent, safe, and dependable patient and client care. Being entrusted with the care of our clients' pets is an honor and a privilege.
