Clinic/Practice Name	Sequoyah Animal Hospital
Street Address	222 Sequoyah Road
City	Soddy Daisy
State / Province / Region	Tennessee
Postal / Zip Code	37379
Country	United States
Position Available (Title, Dates, and Job Description):	<p>Sequoyah Animal Hospital is seeking a full-time veterinarian to add to our busy, growing small animal practice. We are located in Soddy Daisy, TN, about 15 minutes outside of Chattanooga, but in an area that caters to those who might be looking for more space and fresh air. We love our clients and work to offer them tailor made medicine to fit their needs whether that includes a restricted budget or possible referral to a local specialty center.</p> <p>We are a moderately fast paced clinic that offers in-house ultrasound and lab work, digital radiography (DR), and dentistry. We also perform various soft tissue and orthopedic surgeries. In addition, the practice has recently become a Zoetis approved reproductive and freeze facility with some freeze storage availability.</p> <p>Our staff currently includes 3 veterinarians, 5 dual trained receptionists, 6 veterinary assistants, 3 kennel technicians, an office manager and a practice manager, as well as a certified master trainer and 3 groomers in our adjoining facilities. The practice is centrally located within a 15,000 square foot building with adjoining K9 training business on one end and boarding facilities on the other. A grooming salon is also located next door to the practice. The practice has the ability to expand another 4,000 – 5,000 square feet. We provide a fully stocked pharmacy and have a well-equipped surgical suite. There is also 21 large (150-200 sq. ft.) outdoor private wooden double fenced kennels that are utilized to ensure all patients are comfortable, secure and have a chance to stretch their legs a bit. The hospital is continuously growing and expanding.</p> <p>We are excited about our growth, and look forward to adding a new DVM to our team. All applicants should look at themselves as team players and advocates for the best patient care while being cognizant of our clients' wishes and financial abilities. There are additional opportunities available for those interested in equine medicine.</p> <p>Salary and benefits are negotiable with commensurate experience. For a closer look at our practice facilities, please visit our website at www.sequoyahvet.com. Please submit all resumes to info@sequoyahvet.com, Attn: Dr. Sherle Thompson.</p>
